

K-725

K-725[™]

Amscomatic's K-725 is an economical folding system designed to automatically fold T-shirts, golf shirts, and other apparel quickly and efficiently. Engineered for dependable performance and low maintenance, it's an extremely affordable option for screenprinters and apparel decorators. User-friendly design simplifies changeover between product and finished fold sizes. The K-725 can be easily integrated with other Amscomatic equipment into an automatic folding/bagging/sealing system.

Amscomatic's K-725 is solidly built of heavy-duty steel and premium components for long-lasting performance and smooth, quiet operation. Like all Amscomatic products, the K-725 automatic folder is built with Amscomatic's attention to quality, durability, and design excellence, and is backed by Amscomatic's unsurpassed service and support.

K-725

Automatic Folding System

Standard Features
